The directors voted to have the outing this year on Saturday, August 5, this being the date when the lodges around Hartford had arranged to hold an outing at Fairview. It was decided to give up the old plan of a Labor day outing, which was an inconvenient date for many, but to select instead the date which had been chosen by the Hartford people. It is expected that there will be 500 or more from the central and western pair of the state in attendance, which, with the members from the eastern Connecticut lodges, should make the day one of the biggest ever held at the home.

Advice to Mothers

It's an art to take baby's photo-graph as it should be taken. To catch his roguish little smile, his pretty little dimple. Such photograps become prized remembrances of babylood's days in years to come. We have had years of experience in photographing children. They always took their best when we take them. No troublesome posing. Snap them in a jiffy.
